

Project Engineer: Heavy Civil and Marine Construction

If you have innovative ideas—if you see things in ways others don't—and want to join a team working on heavy civil and marine projects then you should consider a career at Power Engineering Construction Co. We are a medium-sized company of approximately 85 employees led by Civil Engineers who are focused on improving the construction process by embracing an innovative engineering approach.

JOB DESCRIPTION:

- Plan/implement innovative solutions on projects with a focus on equipment and manpower.
- Interpret plans and specification requirements for field crews.
- Survey and layout control on project sites.
- Assist field crews and project managers with construction means and methods.
- Interface with clients & design engineers.
- Determine equipment capabilities for specified operations.
- Compiles engineering data, makes calculations, and designs temporary structures.
- Assist with estimating and production tracking.

REQUIREMENTS/QUALIFICATIONS:

- Bachelor's degree in Civil Engineering, minimum GPA 3.0.
- Familiar with construction methodology (including basic trades & tools).
- Experience/ability to produce detailed design drawings with AutoCAD
- Ability to multi-task and work on several different projects at the same time.

OTHER:

- Project an outgoing, upbeat attitude.
- Must demonstrate a sense of urgency, initiative, and common sense.
- Must be energetic, work quickly and efficiently with high attention to detail and accuracy.
- Able to manage multiple priorities in a fast paced and dynamic environment.
- Have excellent verbal and written communication skills. This position requires effective communication, persuasion, and technical skills in order to develop, present, and implement ideas to others.
- Enjoy working outside in a dynamic environment.
- Must present a professional demeanor and demonstrate an ability to work with a diverse group of individuals.

COMPENSATION/BENEFITS:

- Salary is commensurate with experience - starting pay will range from \$70-\$85K per year.
- Comprehensive benefits include full medical, dental, and optical insurance, matching 401k and profit sharing, and 8 Paid holidays and 15 Days Paid Time-Off (PTO).
